## READY, SET, LOAD THE STRONGEST FIX TO CONCRETE...

### AT-HP BLUE 300ml ANCHORING ADHESIVE ATHPBLUE

The fast curing, two-part adhesive changes colour from blue to grey when fully cured.

Fast working curing times when early loading is required in time sensitive applications.  
Improved colour curing; the cured colour is much closer to the real colour of concrete.  
Usable in drinking water.  
High bond strength for medium to heavy loads.  
Suitable for use in cracked and non-cracked concrete.

- Post-installed rebar applications
- Threaded Rod Anchoring
- Balconies
- Facades
- Structural Steel
- Dry and Wet holes

### VT-HP GREY 300ml SEISMIC ANCHORING ADHESIVE VTHPGREY
